BOARD OF EDUCATION

Seated: G. W. Dobson, President, W. S. Essig, Clerk, H.C. Sauder, Superintendent.
Standing: M.A. Conkle, R.S. Tilton, M.S. DeWalt, Vice President: M. W. Collie.

The money appropriated by a bond levy last fall will be used to build the two additions to the present building pictured above.

The Junior High School building to the left will contain 17 classrooms and will be built parallel to the football field on the west side of the present high school building. This addition will allow the fast growing 7th and 8th grades a badly needed study hall, science laboratory and food laboratory.

The gymnasium to the right will provide facilities for high school gym classes. It will contain one main room with seating capacity for approximately 1,500 people. A stage will be built in this room for dramatic productions.

A FAREWELL

When I consider that the time has come
For me to leave my home and go apart
To gain more education in some art;
I cannot go away completely from
The things that gave my life its earthly course,
For some things live within the human heart.
My parents and my church have been a part.
School and friends have provided a mighty force
In giving me the things I take along.
Yes, on the football field I learned the clue
Of losing games and keeping courage clear.
So from my past I take with me a throng
Of things that God has given me through you.
In future days my past will hold me near.

MEMORIES

Looking ahead 20 years we see Mr. Ramga taking his daily walk around his farm observing the things of nature that he taught for many years at Jackson High. As we are watching, he grows tired, for he isn't as young as he used to be, so he lies down in a shady spot. As he is lying there thinking of the beginnings of springtime, his mind wanders back to the spring of 1954 then his class was beginning its journey on the road of life. Soon he falls asleep. Being able to turn time ahead, we look in on his dream. This naturally seems to be a typical untypical day for him and his seniors. It goes something like this:

As Mr. Ramga is pushing his little Studebaker the last few feet to school, he is nearly mowed down by that little demon, Terrie S., in her yellow Jeepster so that she can arrive at school in time to see Larry W., athlete and mental wizard extraordinaire. Arriving also in their bright red Jeepsters are jovial Bob F. and debonaire Dick McC. As he enters the building Mr. Ramga hears a strange laugh. It belongs to Merle A., who along with his cronies, Don S., Earl (Fuzzy) F., and James C. is greeting every student as he starts his trip up the halls of higher learning. Finally first period rolls around. Mr. Ramga is starting to walk leisurely to his next class; there comes a loud noise from the bandroom. You guessed it. Carol P., Larry (Ferd) N., Wayne A., and Wendell G., are having a jam session. As he is nearing his classroom, he hears shouts coming from the civics class. When he drops in to see what gives, he finds Todd B. and Mr. Lawrence arguing again.

Before second period begins, Mr. Ramga takes a little trip down to the office and sees Janice P., Sharlyn S., Phyllis T., and Jackie Y. diligently carrying out their secretarial duties. He is detained after the period begins. So being a few minutes late for his study hall, he hurries down the hall before the place is torn apart. Arriving at the study hall, he finds John Reigar had taken over and was engaged in signing library passes. Mr. Ramga sees Carol B., Walda M., Carol D., Shirley S., and Alberta S., are exercising the senior privilege of making merry in study hall and that two others seniors, Shirley R., and Wanda G., are trying to study; so John is relieved of his command and a peaceful study hall is had by all.

After lunch he runs into Jim S. and Carolyn O'Conner talking over their problems and he meets the senior girl's official hall patrol, Joan S. and Roseann W. While on his way to the next class, Mr. Ramga is almost run down by Bill B., Eddie C., and Nelson M., headed for the ag. building. A few steps later he hears another senior, Jim Miller, expounding in French at Monsieur Geib. Passing the art class he braves a gush of asphyxiating odors being made in chemistry class by Lyle G., Larry G., Ruth D., and Darla Miller. Approaching the library he is passed by three ever-popular senior athletes, Gene S., Bub L., and Jim J. on their way to practice. Following behind the three he sees two more senior athletes, Jack S. and Dave T., accompanied by their own rooting sections, Bonnie K. and Nancy Lee R. In the library he sees our senior librarian, Nancy H. Eventually, after what seems like an eternity, school is over for another day; he watches the last of the seniors, Roy B., Bob Cheyney, Carl Geib and Jack B., leave for parts unknown in their hotrods.

And so Mr. Ramga's dream ends. Upon awakening he thought, "those were the good old days," and slowly walked back to the house for a little rest before supper.

SERVING THE COMMUNITY AND THE NATION . . .

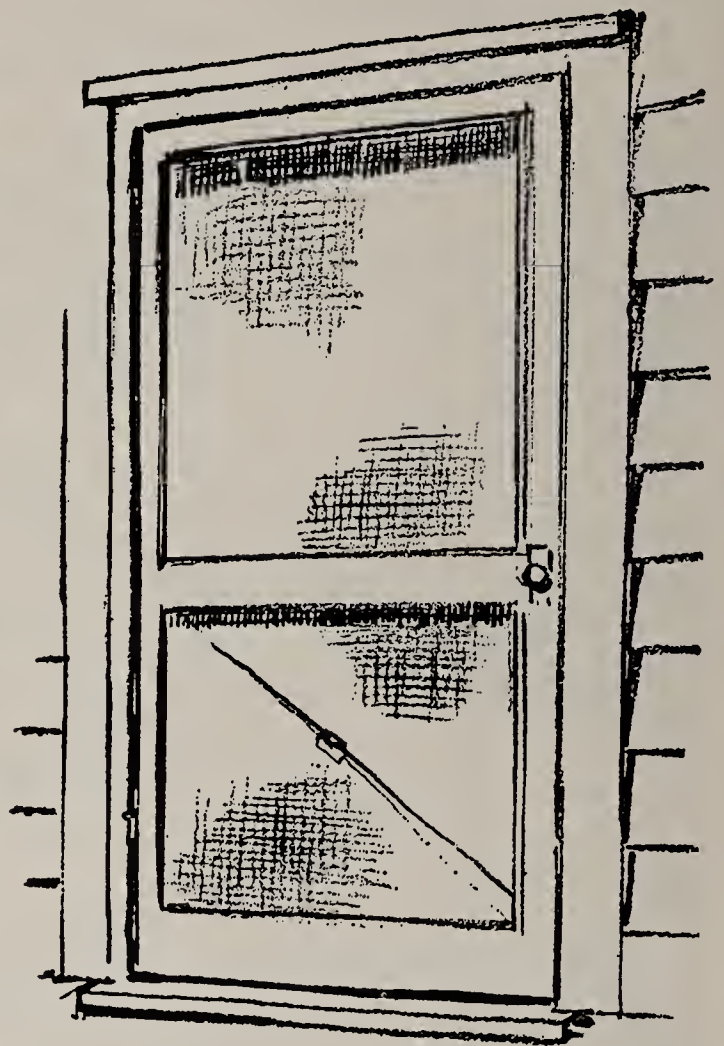

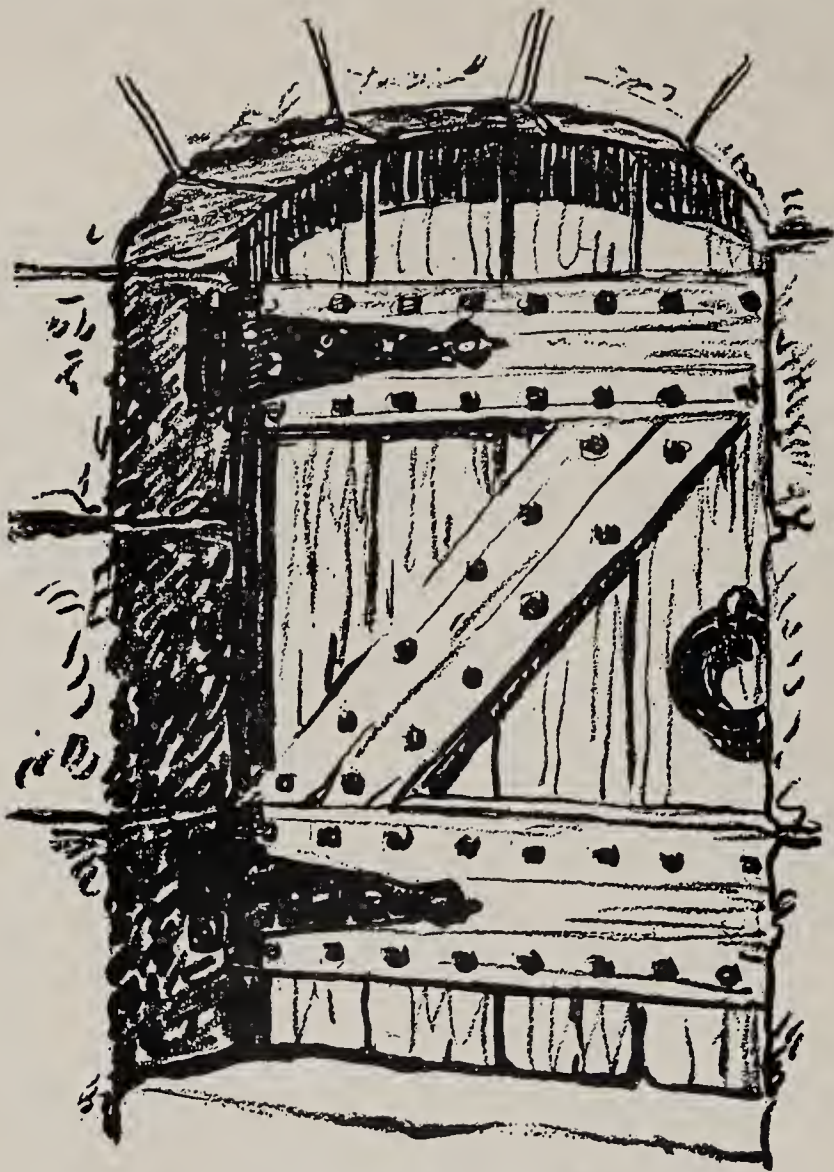

HERCULES MOTORS CORPORATION — Canton, Ohio

Factory and home office of world's largest exclusive builder of lightweight, water-cooled, high-speed, heavy-duty, internal combustion engines.

For more than thirty-six years Hercules engines have wielded a powerful influence on the lives of people who make up a community and a nation. It has been during this period that the greatest strides have been made . . . in radio . . . in television . . . in transportation . . . in construction . . . in aviation . . . in medical research . . . in electronics . . . in chemistry . . . in fact everything that has a bearing on our daily living. The behind-the-scenes part that Hercules engines have played to help bring this about is legion. They start with unearthing natural resources and bringing them to market. They help to shape or power the finished products. They stand by for emergency where continuous performance is imperative. They help in a thousand and one ways to keep a community and nation formidable against any aggressor.

This is Hercules' job three hundred and sixty-five days in the year.

HERCULES MOTORS CORPORATION • Canton, Ohio

Which is stronger?

IT'S the one on the right because it's a door of an American home. No one can get through without permission. Not even a policeman, unless he has a search warrant.

Here, in America, your right to freedom from search without warrant is guaranteed by The Constitution itself.

How different behind the iron curtain! There, the people have no such protection. And even a solid oak door, strong enough to guard a fortress, can't keep out the secret police. When they want in they get in, eventually, even if they have to use a battering ram. But the flimsiest screen door in America can keep out the police unless they have a search warrant.

Because we Americans take our rights for granted, it's hard to believe that there are "pinkos" and fellow-travelers amongst us who want to take away our freedom from search without warrant. It's just part of their plan to steal all our rights, like the right to own property, the right to work wherever we please, the right to vote secretly and all the rest.

The best way to protect a right is to use it. So if you ever hear anyone come out in favor of permitting arbitrary search and seizure on some pretext or other, set him straight! Remind him that freedom from search without warrant is a right guaranteed every American by The Constitution.

Remember, they're *your* rights, so treat them *right*!

DO YOU KNOW YOUR RIGHTS?

As Americans, we have the greatest freedom and the highest standard of living in the world. Help keep it that way by knowing your rights and guarding them well. Some of them are:

- Freedom of worship*
- Right to secret ballot*
- *Right to know how your union spends your dues*
- Freedom of speech*
- Freedom of the press*
- Right to criticize officials*
- *Right to know salaries of your union officers*
- Freedom from search without warrant*
- Right to petition government for redress of grievances*
- *Right to know if your union officers are Communists*
- *Right to know how your union is run*
- Right to speedy and public trial by jury*
- Right to help of a lawyer*
- *Right to hear your employer's side of disagreements*
- Right not to appear as a witness against yourself*
- *Right to refuse to permit the "check-off" of union dues*
- *Right to go direct to your boss with a grievance*
- Right to be presumed innocent until proved guilty*
- Freedom to own property*
- *Right to work despite union jurisdictional disputes*
- Freedom to work in any locality*
- *Right to proper supervision of your union welfare funds*
- Freedom to start and manage a business*
- Freedom to make a profit*
- *Right not to be fired by union leaders*
- **Right to vote on company's best offer*

*These are rights you enjoy under the Taft-Hartley law.

**This is a right enjoyed by members of United Steel Workers, C.I.O. only when the Taft-Hartley law is invoked.

**THEY'RE YOUR RIGHTS,
TREAT THEM RIGHT!**

"If"

By RUDYARD KIPLING

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated don't give way to hating,
And yet don't look too good, nor talk too wise;

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim,
If you can meet with Triumph and Disaster
And treat those two impostors just the same:
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss:
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold on!"

If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much:
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!

And are we proud. Moving in from the rear. To the Rear of the bus please. Senior pulcratude. Ladies and gentlemen of the jury! Peaceful sophomores. Sheep in dog's clothing. Young at heart. Tall Boy. King Tut. Windy ain't it? Let's go boys. Majorette. Who's this? The white sox gang. Good looking horses. By the waters of Willowdale. I wish I could like Brother Bill.

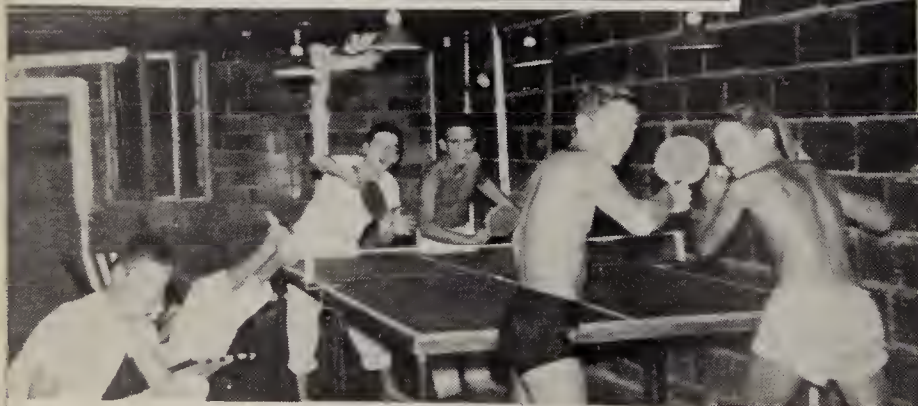

That old four horse shay. What a shindig. The line up. Watch out here I come. Jackson's good looking high steppers! I really can't stay. What contraptions! Underneath the arches.

The play's the thing. We thought pyramids were found in Egypt. Sittin' pretty. Not going anywhere. Our hearts were young and gay. The Millers step out. Simon says thumbs up. On the rocks. Sleepy time guy. Never too old to play with dolls. Took who's in your shoes? Cheese cake. Stow aways. Bang!

All Serene. What's the center attraction? Nice date you have, Bill. Come on Jackson! The Pepettes. Senior play. Must smell. Look out below. Seven with seven blows. You are my sunshine. Nice looking canoe, Huh? Nity-night.

Anyone sleepy? Lest we forget. Easter bonnets. Wee Willy Winkey. Y-Teens frolic. Ain't love grand. Oh! for a sling shot. Summer time and the living is easy. Make believe. Keep your eyes on the ball. Oh! what you said. I think I'm pretty nice.
